6-7 Blue Scale. All colours meet the Australian Standards for colour fastness to resist fading.

MULTIVISION® Fabric Collection

MULTIVISION® Fabric Collection, is a group of fabrics that are perceived to be the same colour tone, but have different opacities. An number of Palais Fabric colours have been selected for the MULTIVISION® Fabric Collection.

For more information refer to the LUXAFLEX® MULTIVISION® Fabric Collection Brochure.

WOVEN IN AUSTRALIA Proudly woven in Australia to support the local textile industry.

DURAGUARD® Fabric Protector

DURAGUARD® Fabric Protector effectively repels most stain causing agents with it's proven, water based, preventative formula. This fabric protection is totally invisible and has high levels of stain repellence. It makes cleaning and maintaining the fabric much easier.

Care and Cleaning

General care:

Dusting with a feather duster is all that is required to keep your fabric looking good.

Stains:

For the removal of dirt and grime, simply wipe fabric skins with a sponge soaked in lukewarm water. If marks are still visible add a little detergent. Then dry gently with a clean cloth.
