

PIROUETTE® Shadings

LUXAFLEX® Window Fashions is Australia's largest and most inspirational Window Fashions provider for over 50 years. Superior testing and quality craftsmanship together with a 5 year warranty makes LUXAFLEX® PIROUETTE® Shadings the perfect choice for your home.

MAIN FEATURE

LUXAFLEX® PIROUETTE® Shadings combines the style of a soft window covering with the ability to control light and privacy in an entirely unique new way. Designed to completely colour co-ordinate with the headrail and bottomrail providing functionality, style and versatility to complement the interior fashion of any room.

SCIENTIFIC FACT

The revolutionary Invisi-Lift system has the capability to suspend fabric vanes on a sheer backing allowing you to flatten the vanes for a modern and contemporary finish, slightly raise the vanes for a gentle contoured look or fully open the vanes to provide an unobstructed view to the outside.

UNIQUE BENEFITS

PIROUETTE® Shadings are a patented product exclusive to LUXAFLEX® Window Fashions offering a stylish colour palette in two diverse fabric styles - Linen and Satin. Both of these ranges are available in either 100mm or 120mm vane sizes and in translucent or room darkening opacities.

You can also choose from two operating systems to suit any home and child safety requirements including:

- EasyRise System, which is a single continuous cord loop operation
- ULTRAGLIDE® System, a smooth and effortless operation with a retractable cord that maintains a constant length

"I love living with LUXAFLEX® PIROUETTE® Shadings because not only are they visually stunning, they allow me to have privacy whilst still maintaining my view to the outside world"...LUXAFLEX® Customer.

LUXAFLEX®

WINDOW FASHIONS

Why choose PIROUETTE® Shadings versus other window covering styles?

- Innovative operation Invisi-Lift System suspends the shading's soft vanes for variable light control allowing the horizontal vanes to float gracefully, providing a clean, uncluttered look.
- Provides the ultimate flexibility. Flatten the vanes for a smooth and contemporary finish and room darkening, slightly raise for a gentle contoured look eliminating harsh shadows in the favour of grace, warmth and allure of dawn's soft light and fully open the vanes allowing a softened outside view through the sheer backing.
- Offers countless choices from a wide range of colours all available in translucent and room-darkening opacities. PIROUETTE® Shadings are colour co-ordinated with a fabric covered headrail and bottomrail with matching co-ordinated cord loop and end caps allowing you to personalise your very own style.
- EasyRise operating system offers complete child safety, providing peace of mind for you and your family.

Why choose PIROUETTE® Shadings versus competitor products?

• A brand you can trust

LUXAFLEX® Window Fashions leads the way in product development and innovation and is the inventor of PIROUETTE® Shadings, holding patent on this product. There is like no other in the Australian market built with style that has redefined elegance and sophistication in the window fashions market.

• Unique design

There is no other window covering in Australia like PIROUETTE® Shadings, it's a completely new revolutionary product. Variable light control, privacy and view through all in one shading that features soft horizontal fabric vanes attached to a single sheer backing. Soft diffused light harmonizes with the style and sophistication of any décor from casual to contemporary, or traditional.

• Piece of mind

5 Year Warranty* offered by a reputable brand to provide you piece of mind in the unlikely event you need to make a claim.

The PIROUETTE® Shadings Range Overview

- Fabric choices of 100mm & 120mm vane sizes
- Fabric choices of translucent & room-darkening vanes
- Fabric ranges of Satin and Linen
- Operating choices of EasyRise and ULTRAGLIDE® Systems

Easy to maintain

PIROUETTE® Shadings are made from 100% polyester, which means they are inherently durable and resilient. All that is required is dusting and a light vacuum to keep them looking beautiful.

Fabric ranges

Satin Fabric Range:

The silky fabric has a smooth, consistent pattern and a dense rich weave which gives it a contemporary and sophisticated look with lustrous shine. Available in both translucent and room-darkening opacities.

Linen Fabric Range:

With the classic and timeless style of linen, in a variety of earthy-tone colours, this fabric range is the ideal choice to accent windows with a natural texture. Available in both translucent and room-darkening opacities.

Choice of operating methods

EasyRise Operating System offers a single continuous cord loop operation with a correctly mounted cord tensioner device.

The ULTRAGLIDE® Operating System offers a smooth, effortless operation with a retractable cord which retains a constant cord length for neater appearance.

Child Safety

The EasyRise Operating System offers complete child safety with its continuous cord loop. The retractable cord of the ULTRAGLIDE® Operating System also provides a child safety solution by offering a constant cord length as there are no long cords hanging down.
