

SIGNATURE™ Roman Shades

LUXAFLEX® SIGNATURE™ Roman Shades

The SIGNATURE™ Roman Shade system uses timber battens to create the folds, adding texture, depth and style to the Roman Shade.

With the extensive range of LUXAFLEX® Window Fashions, we have your home shading needs covered, both inside and out. For a quick product summary, why not obtain a copy of LUXAFLEX® Ideas for Living.

LUXAFLEX® WINDOW FASHIONS

IMPRESSION Roman Shades

LUXAFLEX® IMPRESSION Roman Shades

The New IMPRESSION Roman Shade offers a sleek timeless appearance. This system uses side operated cords for ease of operation. This system is available in either a seamless extrusion or with textured timber battens.

BALLINA Roman Shades

LUXAFLEX® BALLINA Roman Shades

BALLINA Roman Shade utilises a continuous cord loop operation for ease of raising and lowering the shade. This system is perfect for larger heavy blinds. The geared operation lightens the load and makes raising and lowering blinds easier. It is available with seamless extrusions or with textured timber battens.

CLASSIQUE® Roman Shades

LUXAFLEX® CLASSIQUE® Roman Shades

The CLASSIQUE® Roman Shade System incorporates a matching fabric pelmet. This system uses a simple, elegant extrusion system or timber battens to create clean folds in the fabric producing an elegant, sophisticated look.
