

Automatic Awnings

Featured Fabric: A1600, Solaire Acrylic

LUXAFLEX® Automatic Awnings

- A perfect choice for close fitting to windows on the ground floor or onto a balcony. LUXAFLEX® Automatic Awnings minimise space with its minimal projection. Easy to use self locking arms allow simple adjustment by hand or by a pull stick.
- LUXAFLEX® Automatic Locking Arm Awnings are a very popular design to provide you with an affordable solution to shade and protect your windows to keep your home cool in summer. They operate on fixed guide rods with easy function self locking arms.
- The awning hood is available in a range of colours to allow for design integration with the exterior of your home and also assists in the protection of the fabric from the weather when not in use.
